

What's New in Platform

Introducing Platform

Platform is your starting place for all Alteryx Cloud-powered products. Access your Alteryx Cloud apps, like Designer Cloud, Alteryx Machine Learning, and Auto Insights, find answers in Alteryx Community or the Help docs, and share assets across your apps—as well as with others in your organization.

See what's new in Platform.

Latest Feature Updates

Release Date: Feb. 2, 2022

Navigate Using the Global Header and App Drawer

Use the tabs in the global header to navigate Platform and our cloud products. Open the app drawer by selecting the menu in the header. Select any of your available products from the app drawer.

Dark Mode

Toggle between light and dark mode using the sun and moon toggles in the global header.

Send Us Feedback from Anywhere

Anyone logged into Platform can send us feedback from any area of Platform and our products by selecting the megaphone icon in the global header and filling out a short form.

Roles

Administrators can now grant individual users access to products and restricted functionality using roles.

[Learn more about User Roles.](#)

As a global leader in analytic process automation (APA), Alteryx unifies analytics, data science and business process automation in one, end-to-end platform to accelerate digital transformation. Organizations of all sizes, all over the world, rely on the Alteryx Analytic Process Automation Platform to deliver high-impact business outcomes and the rapid upskilling of their modern workforce.
